## Moodle

**You are responsible for turning in your writing assignments on RHS Moodle** – we will not work on them in class or in the computer lab. Assignments turned in by 5pm on the due date will be considered “on time”. Any writing assignments turned in after 5pm on Friday will receive a 25% late penalty each school day; assignments turned in after 5pm the following Wednesday will earn no credit. RHS Moodle is available at: <http://www.kentschools.net/moodle/>

To log in to Moodle, your username and password will be the same as what you use to log in to use the computers at RHS. Typically this means **your username will be your student ID** and **your password will be your lunchroom PIN**. If you can't log in to access Moodle for some reason, please see me as soon as possible – you will not receive extra time due to technical issues!

## Chemistry in the news

Occasionally, the Moodle assignment will require you to write about a news article related to chemistry. These articles should be at least three paragraphs long and cannot be more than one year old. If you are uncertain as to whether or not you have selected an appropriate article for the “Chemistry in the News” assignment, please bring me a copy or email me the URL **before the day it is due** so I can look at it. I will gladly tell you if you're on the right track or not!
