

Environmental Science Class Rules

Mr. Carman

<http://www.kentschools.net/ccarman/>

2011-2012

THIS SHEET IS IMPORTANT. DO NOT LOSE IT.

Classroom Contract

All students must sign and return a form stating their understanding and acceptance of these rules. Failure to turn in a completed form will result in the student not being allowed to participate in lab activities or field trips.

School Rules

All school rules are in full effect during class.

Tardiness

Please be in the classroom before the bell stops ringing. **Failure to do so will result in a detention – no warnings.** Once you're in the classroom, you should sit in your assigned seat as soon as possible.

Absences

Absences & Make-ups

If you are absent the day of a lab, you will be expected to make up that within one week. Labs may be made up during class on Fridays or after school. Other assignments will be due the day you return from your absence.

Cutting & Suspension

If you miss class due to cutting or suspension, you will not be given an opportunity to make up any missed labs or assignments. These missed assignments will be recorded as zeros in the gradebook and will severely affect your grade.

Behavior

Classroom behavior

Please be on your best behavior during class. Do not touch any equipment or materials without being asked to. Also, since I treat all of my students with respect, in return I ask that you not be rude to me or the other students in the class (i.e. don't talk while I'm talking).

Laboratory behavior

If you are doing anything during labs that knowingly threatens your own safety or the safety of other students, you will be immediately sent to your administrator without warning and may be removed from the class. I cannot allow your dangerous behavior to threaten the well being of other students.

Computer & laptop usage

Using the laptops in class or the computers in the computer lab is a privilege; it is meant to make it easier for you to complete your work. If you are caught using a computer for anything else besides classwork, you will not be allowed to use the computers in class again. If you damage one of the laptops, you will be responsible for paying for repairs or replacement. Treat them with care!

Outside behavior

You are expected to be on your best behavior when we go outside to do work in the field. During that time, all school rules are in full effect, even if we're not on school property. You must stay with the group and you must return to the building with us by the end of the period.

Consequences

Failure to follow these rules may result in being asked to sit down, being given a 'zero' for the lab, receiving a detention or office referral, or being excluded from future trips outside.

Simple Lab Rules

- **ALWAYS WEAR SAFETY GOGGLES WHEN USING CHEMICALS!**
- **Do Not Do Anything Knowingly Dangerous**
- **Do Not Eat or Drink Anything Without Permission**
- **If You Have A Question, Ask Me!**
