

Dear Parents/Guardians:

Every school year, principals and teachers have positive and exciting programs, and Kent City School District is making a concentrated effort to promote these activities. This includes working with the local newspapers, radio, and television stations, and also developing our own publications. The district website and other publications may include photographs, video, and/or interviews of individuals in connection with school programs, projects or events.

We want the positive news about our schools and students widely broadcast, but we must respect the privacy of children and families. This new form has been created to help the district track parental requests on this matter. Forms will be kept on file at the board office. Therefore, it will not be necessary to complete this each year. If you have any questions, call Courtney Baliman at ext. 7685.

To give your consent, we ask that you complete the form below.

- I/We, parent/guardian of student(s) listed below, give permission for my child(ren) to be photographed, videotaped, and/or interviewed and included in various news media and publications.
- I/We, parent/guardian of student(s) listed below, **DO NOT** give permission for my child(ren) to be photographed, videotaped, and/or interviewed and included in various news media and publications.
