**Encourage mental math to  
strengthen problem-solving skills**

**Tips Families Can Use to Help Your Kids Do  
Better In School**

Your child may be learning math in different ways than you did. The strategies taught today are designed to help students better understand the concepts behind the computations.

Doing *mental math*—working out problems in their heads—helps kids practice using these strategies to solve problems.

To help your child with mental math in the early grades:

- **Start with the basics.** Give your child a number and ask, "What do you get when you add 1 to this number?" Then have him add 2 to his answer, then add 3 to that answer, and so on. Later you can ask him to take away 1, then 2, etc.
- **Practice "skip counting"**—counting by twos, threes, fives and tens. This helps your child add faster and lays a foundation for multiplication.

Later, as your child progresses:

- **Work with money.** Teach your child the values of coins. Understanding that there are 100 cents in a dollar, and that a quarter is worth 25 cents (or 25 percent, or one-fourth of a dollar) helps him get comfortable with easy combinations ( $75+25=100$ ), fractions and percentages.
- **Challenge your child** to do quick calculations. "I have to figure out a tip. What is 20 percent of this bill?"

*"The most important thing in the Olympic Games is not to win but to take part, just as the most important thing in life is not the triumph, but the struggle. The essential thing is not to have conquered, but to have fought well."*

*Olympic Creed*

**WHAT PARENTS CAN DO  
Helping Your Child Succeed in School**

**Resolve to Have a Healthy and Safe Life**

The **New Year** offers opportunities to start anew. Make resolutions and commitments that can help improve the quality of your kids' lives. Involve your children in healthy decisions as part of the New Year.

Dr. John Beckerman, pediatrician at Advocate Good Shepherd Hospital in Barrington, Ill. says making resolutions together is a chance for parents to teach good habits. "I like to tell moms and dads that it's a good thing to pick a few – not all of them – and post them on the refrigerator, in their bedrooms or on the mirror in the bathroom the kids use," he says. "It's a chance for you to reinforce healthy habits after the holiday season passes."

**Here are a few simple ideas for your kids:**

- \* Encourage children to brush their teeth twice a day and wash their hands after coming in from play, going to the bathroom and before eating.
- \* Drink more milk
- \* Drink less soda pop and fruit drinks
- \* Find a sport or activity they can do two to three times a week
- \* Always wear a helmet when bicycling
- \* Wear their seat belt every time they get in a car
- \* Remind drivers to wear their seatbelt and not to text while driving

**For older kids; have them resolve:**

- \* To eat two portions of fruits and vegetables each day
- \* Take better care of their physical self and be more active
- \* When making a difficult decision, encourage them to talk with an adult about their choices
- \* Encourage them to volunteer their time in the community
- \* Eliminate negative talk
- \* Don't use a cell phone or text message while driving

"Making New Year's resolutions with your kids can be fun and exciting. But remember to re-evaluate the resolutions every few weeks," Dr. Beckerman says. "You want this to be a positive experience for them, and if they experience a setback, just start fresh the following week."

**Did You Know ?** The **2018 Winter Olympics**, officially known as the **XXIII Olympic Winter Games**, is a major international multi-sport event scheduled to take place from February 9th to 25th in **Pyeongchang County, South Korea**. These will be South Korea's second Olympic Games and its first Winter Games; Seoul hosted the Summer Games in 1988. Pyeongchang will be the third Asian city to host the Winter Games; the first two were in Japan, at Sapporo (1972) and Nagano (1998).

**TITLE I NEWS**

Meet **Mrs. Brianne Lantz**. She has been a **Title I Reading and Math Tutor** here at Davey School for the last three years. Some of you may remember her as Miss Wagner. She recently was married over this past summer to John Lantz. They reside in Stow.

Bri loves working with our Title I team. It has been a positive teaching experience for her. "We all have the same goals for ourselves as people and as teachers", said Mrs. Lantz. She also likes working in a small group environment. She adds, "Children really excel in Title's small group setting. Being able to be the extra help the children need academically is very rewarding". She feels parents can be involved in their child's reading and math education by including reading and math in everyday meaningful activities. She gives examples of reading signs, labels, lists and books and also identifying numbers and counting everyday objects as we cook, shop at the grocery store and while driving. All support children's' learning greatly" says Mrs. Lantz.

We are so happy Mrs. Lantz returned to Title I and continues her teaching in our Title I program. Hopefully you will get the opportunity to meet her personally.

Also returning to our Title I program here at Davey is **Miss Elizabeth Falconer**. Miss Falconer works with our **Kindergarten** students and supports our Kindergarten teachers. Miss Falconer obtained her teaching degree from Kent State University. Her favorite subject in school/college was Reading. "Books can take you to a different world", says Elizabeth.

According to Davey Kindergarten teacher, Samantha Wittkopp, "Elizabeth is such an important piece to our kindergarten team because she gives so many of our students' extra one-on-one and small group support that is vital to their success in kindergarten! I use Elizabeth as a resource to give me ideas and activities for the students that need extra support because she is so wonderful at finding ways to meet children on their level of learning!"

Her hobbies and interests include playing the piano (she has been playing for 13 years), scrapbooking and spending time with family and friends. She loves country music, comedies and children's books. Most recently she became engaged.

We love Miss Falconer's passion for teaching and her continued support of our Davey students in achieving learning successes. We are happy to have her as a Title Tutor here at Davey. Again, we hope you have a chance to meet her personally.

**Winter Olympics Craft**

The **2018 Winter Olympics** will be held at **Pyeongchang, South Korea**. There will be 102 events in 15 sports, with an estimate 100 nations taking part. And we can't wait to join in with the excitement! To start; here is some 2018 Olympic Trivia for you - Pyeongchang's mascots are **Sohorange** and **Bandabi**, a white tiger and Asiatic black bear. The white tiger is considered Korea's guardian animal, and is closely related to Korean mythology. The mascot represents trust and protection and the strength of the athletes. Bandabi, the bear; is a symbol of strong will and courage.

To get in the mood for the Winter Olympics; search the internet or library for craft ideas or here's one to get you started!

**Ice Skate Bookmark**

**You will need:**

- Needle
- Embroidery thread-any color
- Felt
- Large paperclip

**Instructions:**

1. Fold your felt in half and cut out a boot shape slightly narrower than the paperclip and with the base of the boot along the fold.
2. Slip one side of the boot through the paperclip.
3. Using a neat running stitch, sew around the outside of the boot with one strand of embroidery thread.
4. Sew along the bottom at the top of the paperclip so it stays in place. The same color thread as the felt was used for stitching.

*Here are the 2017-2018 Title I Contacts for our Title Program at your School:*

**Literacy Coach; Mrs. Rachel Yohn:**

Davey School (330-676-7409)  
Longcoy School (330-676-8379)

**Literacy Coach, Mrs. Kristin Garner:**

Schoolwide Holden School (330-676-8400)  
Walls School (330-676-8300)

**Family Engagement Coordinator,**

Ms. Pam Bose: All Schools (330-676-7425)

**Federal Grants Coordinator, Mrs. Karen**

Rumley, Director of Instructional Program:  
All Schools (330-676-7600)
