

If you
SEE
Something

SAY
Something

1

Be the eyes and ears for a safer school. **Social media** threats—including **texts or posts**—are a primary source of warning signs followed by **overheard conversations** in hallways, bathrooms or the cafeteria. If you see or hear anything about **guns or weapons, drugs or bullying/harassment**, you need to say something!

2

There is a big difference between telling on someone and saying something to get help. Look out for one another.

3

During school hours, say something to a trusted adult, including:

- Bus driver
- Teacher
- Lunchroom monitor
- S.R.O. – Student Resource Officer
- School Counselor
- Principal
- School Secretary
- Custodian
- Coach
