420 West Main Street, Kent, OH 44240-2208, 330-677-2000

Kelly’s Grief Center and the counselors from Counseling for Wellness in conjunction with the Kent City School counselors are pleased to announce the beginning of an outreach program in your child’s school. Any child who has experienced a loss due to the death of a parent, grandparent, relative, friend or pet is welcome to attend these grief groups.

These 6-8 week grief groups will be run by the counselors from Counseling for Wellness. Funding for this wonderful program is being provided by the Kelly Reeves Foundation. Every effort will be made to schedule these 30-40 minute sessions at a time that would be least invasive to your child’s learning time at school.

If you feel participation in a grief group would benefit your child and provide them with some extra support, please contact your school counselor at the number listed below and/or complete the form below and return it to your school counselor. Prior to the actual group beginning, a permission slip to attend will be sent home along with the time and dates that the group will be held.
