

STUDENT CONDUCT CODE

KENT CITY SCHOOLS

The Board of Education has adopted the following Student Conduct Code. The Code includes the types of misconduct that will subject a student to disciplinary action. The Board has also adopted the list of behaviors and the terms contained in the list.

The Kent City School District will attempt to provide a safe and orderly learning environment for all students. Certain student actions may not be compatible with the words “safe” and “orderly.” Discipline is within the sound discretion of the School’s staff and administration. Due process ensures that disciplinary action is imposed only after review of the facts and/or special circumstances of the situation.

The following outline provides a list of major areas that could result in disciplinary action. An explanation of each behavior and possible consequence follows the list. The absence of a behavior or any specific action from the list does not mean that such conduct does not violate the discipline code or cannot be punished.

A. The exercise of self-control, self-discipline, and self-direction are essential to positive school behavior and success in the future. The school has an obligation to observe and respect the rights of individual students and the student body as a whole. To this end, each pupil must be responsible for his/her own behavior and must respect the rights of others.
