

☺Elapsed Time:

Directions: Use the clock below to answer question 4.

The school bus will pick up the children in 45 minutes. What time will it be?

- A. 3:15
- B. 3:45
- C. 4:15

- Have the students draw a t-chart. On the top left, they write the time (3:30). On the right hand side, they write Minutes.
- Since they are given the minutes (45), have them complete the minutes column first by adding 5 minute increments until they get to 45.
- On the left hand side, have them add 5 minutes each time, until they get to the 45 minute column.

3:30	Minutes
3:35	5
3:40	10
3:45	15
3:50	20
3:55	25
4:00	30
4:05	35
4:10	40
4:15	45

EX. The first bell rings at 8:35, and students have 7 minutes to get to their classes. What time do they have to be in class?

8:35	Minutes
8:36	1
8:37	2
8:38	3
8:39	4
8:40	5
8:41	6
8:42	7

EX. Dana started reading at 7:52. She read for 2 hours and 3 minutes. What time did she stop reading? (NOTE: This one requires two t-charts.)

7:52	Hours
8:52	1
9:52	2

9:52	Minutes
9:53	1
9:54	2
9:55	3
