

Section 504 Parent/Child Rights and Procedural Safeguards

1. Your child has a right to take part in and receive benefits from public education programs without discrimination based on a disability.
2. You have the right to receive written notice prior to any action by the district in regard to the identification, evaluation, or placement of your child.
3. Your child has a right to an evaluation prior to the development of an initial § 504 plan and any subsequent significant change in placement. Your child is eligible for a free appropriate public education (“FAPE”) under § 504 of The Rehabilitation Act of 1973 if the § 504 Team determines that your child has a physical or mental impairment that substantially limits one or more major life activities, including the provision of regular or special education and related aids and services that are designed to meet the individual educational needs of the student as adequately as the needs of students without disabilities are met and that are based upon adherence to Section 504’s procedural requirements. Major life activities include, but are not limited to, caring for one’s self, performing manual tasks, walking, seeing, hearing, speaking, breathing, eating, sleeping, standing, lifting, bending, reading, concentrating, thinking, communicating, working, and learning, or the operation of a major bodily function, including but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, or endocrine functions.
4. The district shall consider information from a variety of sources, including (as appropriate) but not limited to aptitude and achievement tests, teacher recommendations, physical condition, social and cultural background, adaptive behavior, medical reports, student grades, progress reports, parent observations, anecdotal reports, and test scores when making eligibility, educational, and placement decisions under § 504.
5. Eligibility decisions must be made by a group of persons knowledgeable about your child, the meaning of the evaluation data, and the placement options.
6. If eligible as disabled under § 504, your child has a right to periodic reevaluations, generally every three years, before your child’s placement is terminated or significantly changed, and if otherwise determined to be necessary.
7. Your child has the right to a free appropriate public education (“FAPE”), meaning the provision of education and related services without cost to the person with a disability or his or her parents or guardians except for those fees that are imposed equally on non- disabled students or their parents.
